

Additional Information regarding to 22944/22945 and 22703/22704

Based on our intense research it was identified that the WVA numbers 22944/22945 and 22703/22704 using the same dimensions and have been provided twice by the agency.

As a result of the research Textar will state both WVA combination in the Brakebook catalogue. It is highlighted that this is no harmonization or supersession, it is announced by Textar just for informational purpose.

There will be no difficulties during installation, operation and functionality as both WVA combinations are valid options.
