

DAN930 Alternator

New production site

The production site of DAN930 has been recently moved from DENSO Japan to DENSO Italy manufacturing plant in order to maximize the availability of this aftermarket fast-mover alternator by localization – **new Country of Origin is Italy.**

The DENSO Aftermarket catalogue part no remains the same, DAN930, whereas the DENSO Aftermarket technical code is substituted from 104210-2710 to 021080-2590.

Please be aware of a few appearance differences in new version 021080-2590 vs. old version 104210-2710 whilst full compatibility will be maintained.

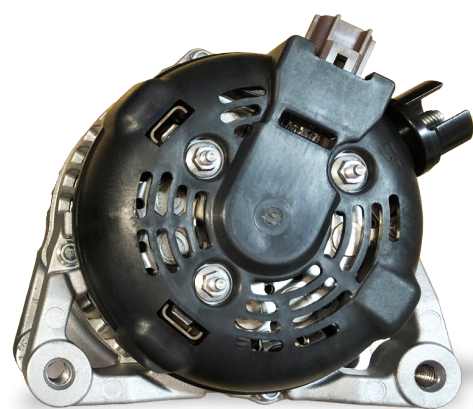

Rear view

021080-2590
New

021080-2590 (new version)

Lead frame new design without the 3 drain holes vs outside, internal labyrinth avoid direct contamination (no impact on cooling)

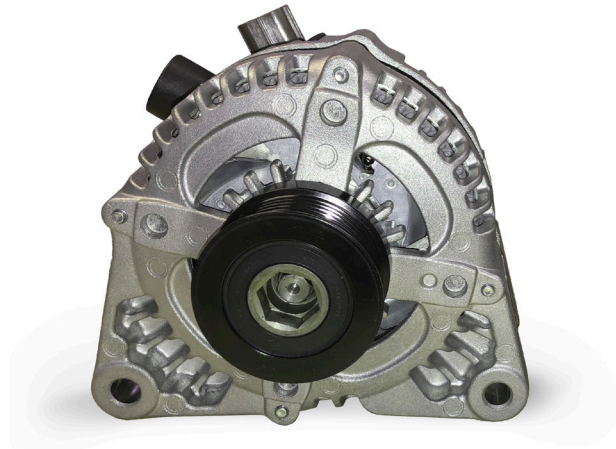

104210-2710
Old

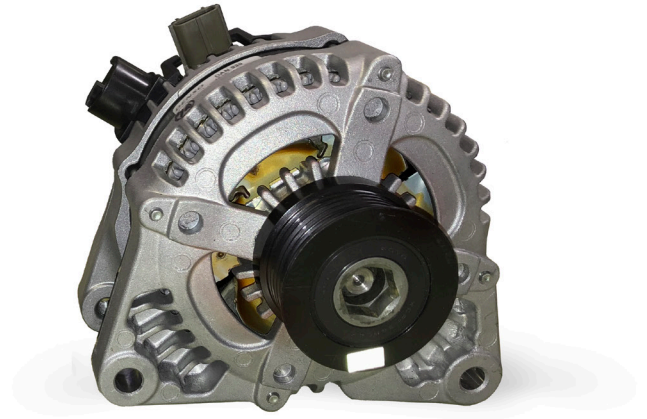

104210-2710 (old version)
